On pages 116, 117 and 118, in figures 1, 2 and 3, respectively, replace the text “To be used solely for” with “To be used for other than solely for”. Thus, the relevant flow chart choice in each figure will read as follows:

- “To be used for other than solely for:
- (a) emergency purposes, reg. 13.1.2.1, or
 - (b) sea-bed mineral related activities, reg. 3.3.1.4”.
